Tebuconazole 3.6F

Flowable Fungicide

Excellent preventative and curative control on a broad-spectrum of disease pathogens. Rapid uptake in turf provides up to three weeks of residual disease control. Its low use rates and easy to mix formulation makes Tebuconazole 3.6F convenient to apply.

- ▶ Highly effective disease control for golf course turf and ornamentals
- ▶ Labeled for use in warm and cool season grasses
- ▶ Rapid plant uptake – less than 4 hours
- ▶ Both preventative and curative control with long-lasting residual
- ▶ Multi-site activity is excellent for resistance management program
- ▶ Not labeled for residential lawn use
